Product Name: Gas Analyzer

Product Code: PUCM0001

Description:

Gas Analyzer

Technical Specification:

Usage/Application Product Type Power Supply

Features Analysis Time Warm Up Time

Color

Automation Grade Display Type

Response Time

Phase Weight Power Temperature Fast Warming Up

Operational Temperature

Frequency

PUC

ANALYZER

230 LCD 3SEC 5MINS **CREAM** Automatic LCD

4~5 sec. (more than 90%)

SINGLE 5KG 230 55

Less than 5 min 0-40 Degree C 50/60Hz

Features:

- NDIR Detector measures CO/CO2/HC, and electro chemical sensor measures O2, NOx
- OIML Class I & Bar 90 compliant
- Uniquely designed bench, Patented in,
- Patent pending
- · Leakage check
- HC Residual Check
- Self Diagnosis
- Fuel Selectable
