Product Name :
Portable Tilt Lift

Product Code :
PTLT0001

Description :

Portable Tilt Lift

Technical Specification :

Voltage 220V
Usage/Application Servicing
Body Material Stainless Steel
Lifting Time 50 Sec

This Portable and most versatile vehicle lifting system available in the market.

This is basically a lift which when lifted makes the car turn seasaw and this helps the user the convenience to work either on front or rear of the car. It lifts up to 510mm with the best safety features available in the lift. It can lift a vehicle up to 3 tons either manually or with the help of a drill.

This lift uses the most durable and light weight material which makes it move anywhere in the workshop with the help of wheels. It uses a special gear system and special weldings that make it more strong to use. It can be used in any kind of auto workshop, tyre shops, denting, painting shops, etc.

Customized size and specification as per your drawing or sample. We, Portable Tilt Lift Suppliers UAE Dubai, can make the Portable Tilt Lift as per your request, specification, size and bulk quality Dubai.
