Product Name :
Cashew Nut Boiler

Product Code :
UAENUTP0009

Description :

Cashew Nut Boiler

Technical Specification :

We have been able to prepare and supply Cashew Nut Boiler. Remaining in compliance with the industry set guidelines, the offered boiler is prepared by our team of engineers. Also, our team of quality controllers checks the offered boiler on various parameters to ensure flawlessness.

We are one of the well known entities engaged in offering Cashew Nut Boiler that is created with use of industry standard components and under the supervision of highly trained professionals. The offered Boiler is acknowledged for its operational fluency and robust construction. This is available for customization as per customer's requirement if any. Customers can opt for this at leading market rates for a nonstop production and great results.

Features:

- Low power consumption
- Easy operations
- Longer functional life

Specifications:

- Capacity : 320 kg
- Range : 80 to 2000 kgs
- Thickness : 10 mm

Material of Construction
Capacity (kg/hr)

MS
80KG, 160KG, 320KG, 640KG

Automatic Grade

Semi-Automatic, Automatic

Operating Raw Material
Thermal Efficiency

Electric, wood, cashew shells & cakes, agro waste
95%
