Product Name :	Product Code :
Automotive Airvisor PUC Machine Diesel Smoke Meter	UAEAUTW800035

www.equipmentsmachinesuae.com

Description :

Automotive Airvisor PUC Machine Diesel Smoke Meter

Technical Specification :

Is distributor sample type. It equips gas temperature pressure and dis-tributary control cell in order to ensure metrical stability and repeat. It can measure the whole bur then opacity smoke degree continuously and free speedup opacity smoke degree. An innovative product which uses latest technology of world, Vibration & Sound type RPM Sensor, Without help of this technology testing of diesel vehicles was never so easy. It senses engine RPM

Standard Accessories:

RPM Pickup Probe

- Sample Probe & Hose
- Sample Unit
- Control Unit
- RPM Unit
- Oil Temperature Cable
-

Measurement Range	0-100 % with 1% Resolution
Measurement Range K	0- 9.99 (0.00) with 0.01 resolution
RPM	300 to 9990 with 10 resolution
Data Output	RS232 (Serial Port)

Power Requirement	220 V AC / 12V DC
Smoke Sampling	Partial Flow
