**Product Name :**  
Mine Detector

**Product Code :**  
UAEBODE0030

**Description :**

Mine Detector

**Technical Specification :**

- Effective detection of magnetic, nonmagnetic and stainless-steel metal masses
- Accurate pinpointing of the target's position using a bitonal system and acoustic modulation proportional to the dimensions of the detected mass
- High discrimination capability for adjacent metal masses
- Compensation for mineralized and high natural metal content soils
- Static and dynamic detection independent of the speed of transit of the detector head
- Very long-lasting battery charge
- Light, ergonomic detection head designed for continuous use
- Extremely high level of electrical and mechanical Reliability
- Operation monitored by a microcomputercontrolled autodiagnostic system
- Completely digital electronics, with in-the-field

- program memory upgrade capability
- Ease of use with minimum training time
- Thanks to many years of in-depth research in the field of Metal
- Detection by DRDO has established itself as a primary international
- manufacturer of high-performance Ground Search Metal Detectors

#### LEADER IN PERFORMANCE AND RELIABILITY

The portable, high-sensitivity Metal Detector designed to detect magnetic and non-magnetic metals in all soils, including laterite and magnetite. The Metal Detector comprises a detection head, a telescopic handle, an electronics unit, a canvas carry-bag and a High Impact Polypropylene Case

Customized size and specification as per your drawing or sample. We Mine Detector suppliers UAE Dubai, can make the Mine Detector as per your request, specification, size and bulk quality Dubai.
