Description :

MICH Helmet UAE

Technical Specification :

The Armour Advanced Ballistic MICH Helmet (Modular Integrated Communications Helmet) is designed as a lighter and more compact version of the PASGT helmet. With reduced ear coverage, no lip and reduced coverage at the back, it allows for better vision and hearing. This design also allows the wearer to shoot from the prone position.

Allowing high modularity with the option of fitting several additional accessories, these helmets are an essential piece of body armour for Special command operatives. Our ranges of premium MICH helmets are now the most popular type of head gear for several advanced militaries around the globe.

Customized size and specification as per your drawing or sample. We MICH Helmet suppliers UAE Dubai, can make the MICH Helmet as per your request, specification, size and bulk quality Dubai.
