

Product Name :
Steam Air Defroster

Product Code :
UAEPTE0002

Description :

Steam Air Defroster

Technical Specification :

The heating system is electrical,
Humidification system: double: water spray + steam generator (10kg / h),
Dimensions of the room for defrosting 6000mm (length) x 3000mm (width) x 3500mm (height),
Rack dimensions: 900 mm (width) x 1620 mm (length) x 1600 mm (height) – 6 levels,
Ventilation: variable flow direction in time, possibility of smooth adjustment.

Installed power:

The fan is 4.8 kW,
heating – 54.0 kW,
steam generator – 7,5 kW,
drive for changing the flow direction – 0,75 kW

Full power: 67,0 kW

Control: microprocessor

Measurement and temperature control inside the defroster,

Block temperature measurement,

Measurement of relative humidity

Customized size and specification as per your drawing or sample. We Steam Air Defroster suppliers UAE Dubai, can make the Steam Air Defroster as per your request, specification, size and bulk quality Dubai.
