Product Name :
Large Container Washing Machine

Product Code :
UAEDFE0005

Description :

Large Container Washing Machine

Technical Specification :

The machine is designed for washing baking trays and containers of various sizes, in continuous mode. The machine perfectly removes fat deposits and disinfects containers by consecutive use of water with detergent and clean, at a temperature of 70?-80??.

The machine is compact, as the process of washing, rinsing and drying occurs in the same housing.

This equipment provides drying of containers up to 90%, which corresponds to high sanitary and hygienic requirements.

The machine is completely made of stainless steel and meets the requirements of the Food Safety Management System
