Product Name :
Universal Scaling Machine

Product Code :
UAESSM0005

Description :

Universal Scaling Machine

Technical Specification :

The machine is designed to remove scales from various types of fish.

Scales are removed using water jets and moving nozzles.

All the parameters in the machine are regulated: conveyor speed, water pressure in the nozzle, speed of the nozzles.

The equipment is mobile. This allows it to be easily integrated into various production lines.

It is possible to adjust for any type of product.

The machine is made of stainless steel and meets the highest sanitary and hygienic standards.
