Product Name :
Frozen Fish Cutter

Product Code :
UAEPMS0007

Description :

Frozen Fish Cutter

Technical Specification :

The machine is designed for longitudinal cutting of frozen fish.

As a result of cutting, two pieces of fish are formed, equal in size and weight.

The machine is safe in operation – it is enough for the operator to place the frozen raw material between two conveyor belts.

Since the saw blade is very thin, this ensures minimal product loss when cutting.

The machine is compact, easy to maintain and meets high sanitary and hygienic requirements.

Customized size and specification as per your drawing or sample. We Frozen Fish Cutter suppliers UAE Dubai, can make the Frozen Fish Cutter as per your request, specification, size and bulk quality Dubai.
