Product Name :
5 Gallon 20L Water Filling Machine

Product Code :
EQUP-UE-WBM0003

Description :

5 Gallon 20L Water Filling Machine

Technical Specification :

Automatic break protection for power leakage and short circuit.

Under-pressure protection:when incoming air's pressure is Less than or equal 0.5MPa,the equipment will be automatically stopped.

Water-shortage protection:when the level of the water tank is lower than that of the liquid switch,the equipment will be automatically stopped.

Automatic break protection for power leakage and short circuit.

Under-pressure protection:when incoming air's pressure is Less than or equal 0.5MPa,the equipment will be automatically stopped.

Water-shortage protection:when the level of the water tank is lower than that of the liquid switch,the equipment will be automatically stopped.

We can add other functions as customer's requirements like:hot tank heating washing,bottle external washing,cap washing ,capacity note and man-machine control.
