Product Name :
Automatic Facial Tissue Paper Making Machine

Product Code :
EQUP-UE-FTM0005

Description :

Automatic Facial Tissue Paper Making Machine

Technical Specification :

Box drawing type facial tissue machine use tissue jumbo roll to Process folded into "V" type paper processing equipment. The machine adopts the vacuum adsorption principle and auxiliary manipulator folding.

Function and Features:

Automatic counting points a whole row output

Helical blade shear, vacuum adsorption folding

Stepless speed regulation unwind and can adapt to rewind high-low tension paper material

Adopt PLC computer programming control, pneumatic paper and easy to operate;

Frequency conversion control, saves energy.

The product width is adjustable, to meet different market requirement.

Supporting paper rolling pattern device, pattern obvious, flexible to market demand. (The embossing pattern is chosen by the customers).

It can make "V" type single layer towel and two layers glue lamination .(Optional)

Customized size and specification as per your drawing or sample. We Automatic Facial Tissue Paper Making Machine suppliers UAE Dubai, can make the Automatic Facial Tissue Paper Making Machine as per your request, specification, size and bulk quality Dubai.
