Product Name :
12v Deep Cycle Battery Charger

Product Code :
EQUP-UE-BTR002

Description :

12v Deep Cycle Battery Charger

Technical Specification :

EPS and UPS system;
Signal system and emergency lighting system;
Power plant and power transmission system;
Solar energy and wind turbine system;
Telecommunication systems such as exchange board, microwave station, mobile base station, data center, radio and broadcast station.

Other Features:

Voltage covers: 12V

Capacity: From 24/10HR to 250/10HR

Gel Sealed Lead Acid Battery mainly for Uninterruptible Power Supply

Customized size and specification as per your drawing or sample. We 12v Deep Cycle Battery Charger suppliers UAE Dubai, can make the 12v Deep Cycle Battery Charger as per your request, specification, size and bulk quality Dubai.
