Product Name :
Folding Machine

Product Code :
EQUP-UE-FLM0003

Description :

Folding Machine

Technical Specification :

Industrial laundry sheet folding machine
nice appearance
ease of operation
VFD adopted
human-computer interface/intelligent controlling system
LCD screen
long service life
competitive price
ISO 9001
high quality stainless steel
safety protection
anti-jamming
high efficiency
programmable logic controller, high speed and large capacity.
touch screen offers better human-computer interface. Operator can manipulate the machine based on the display of the screen, which means the machine can offer online help and some prompts. Therefore, operator can manipulate the machine correctly and avoid mistakes.
offers soft start and make the machine suit all kinds of ironers.
5 folds can be finished under the supervisory control of computer. (Programmable)
