Product Name :
Manually-Operated Post Hole Diggers

Product Code :
EQUP-UE-APD0001

Description :

Manually-Operated Post Hole Diggers

Technical Specification :

It is great choice for medium-duty digging jobs to do in soft loam soil or even clay-based earth
This commercial-grade post hole digger has two durable reinforced heavy-duty fiberglass handles with a triple wall construction
This digger's 47-inch extra-long handle is designed to reduce strain on your back and increase that much-needed leverage when you need to work in tough outdoor conditions.
the tempered steel head can break through the densely-packed soil, which makes this post hole digger the ideal tool for quickly digging 3 foot deep holes for fence posts, plants and other digging applications.
Customized size and specification as per your drawing or sample. We Manually-Operated Post Hole Diggers suppliers UAE Dubai, can make the Manually-Operated Post Hole Diggers as per your request, specification, size and bulk quality Dubai.
