

Product Name :
26-inch 7-Drawer Tool Cabinet

Product Code :
POWERTOOLSUAE20005

Description :

26-inch 7-Drawer Tool Cabinet

Technical Specification :

26-inch 7-Drawer Tool Cabinet is a professional roller tool cabinet built to maximize storage, strength, and durability. Heavy-duty and lockable double-walled cabinet features seven ball-bearing slide drawers with a chest lid compartment. High density welds and reinforced drawers ensure heavy-duty structural integrity built to last. Hand-brushed aluminum drawer pulls are reinforced and feature rolled edges to prevent accidental cuts and scrapes. Constructed from premium cold rolled steel with scratch, grease and corrosion resistant powder coating. Four tough thermoplastic rubber wheels combine the durability and strength of a hard tread wheel with the noise reduction and floor protection of a soft tread wheel.

Durable and smooth TPR tread casters

Secure key-operated lock

Scratch, grease, and corrosion-resistant powder coating

7-Drawers for a total storage capacity of 9,147 cubic inches

Reinforced heavy-duty drawers with ball bearing slides and EVA liners

Double-walled, cold rolled steel construction with high density welds
