Product Name :
Crowd Control Barrier Plastic Traffic Barrier Drum Barrier

Product Code :
UAETRIC120005

Description :

Crowd Control Barrier Plastic Traffic Barrier Drum Barrier

Technical Specification :

Durable, blow-molded construction
Low-density polyethylene
5-Tier Telescoping Design
Built-in carrying handle on drum and base
Positive-locking grip between drum and base
Four available base options with anti-rotation knob
Shift-resistant base design
Light attachment on both sides
UV stabilized bright orange polyethylene is formulated to resist fading and discoloration
The barrel body and bottom section both incorporate a non-circular cross section to inhibit rolling after impact
Designed with a larger, flared base. This design allows us to increase the flat edges around base to offer more resistance to rolling when knocked over and lying on its side.
