Product Name :
Electric Motor Customized Material Handling Equipment
Hydraulic Lifts

Product Code :
UAEFCE32002

Description :

Electric Motor Customized Material Handling Equipment Hydraulic Lifts

Technical Specification :

Spillover valve, it can prevent high pressure when the machine moves up.

Manual emergency valve, it can go down to the nearest floor and open the door when you meet an emergency.
Pipe explosion valve, when the hydraulic system pipe fractures, it can cut down the channel of the oil to stop it falling.

Temperature protection, when the temperature of the hydraulic oil exceed standard, the machine will stop working until the temperature gets back to standard.

Specification: Vertical travel (mm)

VCL0.3-4.5 (2 layers): 4500

VCL 0.5-4.5 (2 layers): 4500

VCL 1.0-4.5 (2 layers): 4500

VCL 2.0-4.5 (2 layers): 4500

VCL 3.0-4.5 (2 layers): 4500

VCL 0.3-7.5 (3 layers): 7500

VCL 0.5-7.5 (3 layers): 7500

VCL 1.0-7.5 (3 layers): 7500

VCL 2.0-7.5 (3 layers): 7500

VCL 3.0-7.5 (3 layers): 7500

VCL 1.0-10.5(4layers): 10500

VCL 1.0-14 (5 layers): 14000

VCL 3.0-4.5 (Special for lifting cars): 4500
