Product Name :
Electric Hydraulic Material Elevator Lift

Product Code :
UAEFCE320003

Description :

Electric Hydraulic Material Elevator Lift

Technical Specification :

Electric Hydraulic Material Elevator Goods Lift

Spillover valve, it can prevent high pressure when the machine moves up.

Manual emergency valve, it can go down to the nearest floor and open the door when you meet an emergency.

Pipe explosion valve, when the hydraulic system pipe fractures, it can cut down the channel of the oil to stop it falling.

Temperature protection, when the temperature of the hydraulic oil exceed standard, the machine will stop working until the temperature gets back to standard.

Specification: Vertical travel

VCL0.3-4.5 (2 layers): 4500

VCL 0.5-4.5 (2 layers): 4500

VCL 1.0-4.5 (2 layers): 4500

VCL 2.0-4.5 (2 layers): 4500

VCL 3.0-4.5 (2 layers): 4500

VCL 0.3-7.5 (3 layers): 7500

VCL 0.5-7.5 (3 layers): 7500

VCL 1.0-7.5 (3 layers): 7500

VCL 2.0-7.5 (3 layers): 7500

VCL 3.0-7.5 (3 layers): 7500

VCL 1.0-10.5(4layers): 10500

VCL 1.0-14 (5 layers): 14000

VCL 3.0-4.5 (Special for lifting cars): 4500
