

Product Name :
Thermal Transfer On Line Printer

Product Code :
BFCM0011

Description :

Thermal Transfer On Line Printer

Technical Specification :

Printing Method Ribbon
Capacity 300 per minute
Interface Type USB
Color Printing NO
Machine Type Automatic
Application of Printer Bill Print

Thermal Transfer On Line Printer which has best quality and elegant design. These give excellent prints and could be used for the purpose of printing alphanumeric logos, bar codes, etc. Engineered with perfection; these have print density of 300 dpi and weight of 7.8 kg. Making optimum use of the latest technology, these provide excellent performance and have reasonable price.

Features:

- Patented ribbon economy system you can save up to 60% on ribbon usage without reducing print resolution
- Long ribbon rolls reduces changeovers and maximizes production up time
- Maintenance-free clutch less Dancing Arms provide ribbon tension control preventing ribbon breakage and ensuring responsiveness at high-speed

Specifications:

Printing Modes	Continuous Mode (CM)
Print Density	300 dpi
Print Speed	50–1400mm/sec
Print Area	53mm×2700mm
Max. Ribbon Length	1400m
Ribbon Width	20mm–55mm
Ribbon Saving Features	Can save up to 60% ribbon usage
Dimensions (W×H×D)	262mm×191mm×204mm
Weight	7.8kg
Power Supply	115/230VAC, 50/60Hz, 300VA
